[School Name] Implements PBIS Rewards to Create a Positive School Climate

[City, State]: [School Name] has implemented **PBIS Rewards**, a solution of Navigate360, for the [INSERT year] school year. PBIS is an evidence-based framework used by schools to improve school culture and student behavior, promoting a safe environment for learning. A key aspect of PBIS is focusing on more positive behaviors and less on negative behaviors.

“Navigate360 is passionate about helping schools reach their full potential through the creation of safe, engaging, and supportive environments. We are committed to equipping teachers and staff to make their schools places for students to grow academically, socially, and emotionally. We have worked with schools all across the country and at every grade level and we are thrilled to be working with **[Insert School Name]**,” said JP Guilbault, CEO of Navigate360.

PBIS Rewards is a Software-as-a-Service solution that provides an automated schoolwide PBIS management system. PBIS Rewards simplifies the tracking of the PBIS framework within a school. School administration can clearly see how teachers are utilizing PBIS and how PBIS is improving the culture at [School Name]. PBIS Rewards makes it fun, quick, and easy to recognize students for meeting behavior expectations.

“PBIS Rewards empowers educators to transform their classrooms and school by emphasizing positive behavior. With over 2,500,000 students utilizing our service, school climates are shifting to positive learning environments. The PBIS framework prioritizes a culture that intentionally teaches common expectations to all students. This ensures students understand the expected behavior in all areas of the school and leads to more time on task. Staff members now look for opportunities to catch students making good decisions and celebrate their choices. Research shows that when schools prioritize PBIS methods, office referrals and suspensions drastically decrease. PBIS Rewards makes this easy with our completely digital system for staff, students, and parents,” said Melissa Ragan, Chief Learning Officer of Navigate360.
